Subject: Yugoslavs - Grossenbrode.

With further reference to our telecon of 2nd March 1949, I have to state that a deputation consisting of 3 Yugoslavs presented themselves before the Repatriation Officer of this Headquarters, for the purpose of emphasising on behalf of 58 ex-POW comrades the difficulties and danger of living in the same centre as Chetniks. During the meeting the following points emerged:

a) On the occasion of the last visit of the Yugoslav Liaison Officer in Grossenbrode on January 25th, 1949 - whilst waiting in the Hall for the arrival of Lt. Radovanovic - three Yugoslavs, whom it was known were considering repatriation and wished to speak to the Liaison Officer, were oredered by a Chetnik to leave the Hall forthwith. They were threatened with severe punishment if they did not obey.

b) It was argued that it was becoming daily more and more impossible to live in peace in the same camp with Chetniks. The ex-PoWs were constantly subjected to various forms of persecution. For example - on February 15th, four or five Chetniks fiercely attacked two of the ex-PoWs apparently for no other reason than that they were discovered reading Yugoslav newspapers.

In view of the complaints thus expressed complete severance of the ex-PoWs from the Chetniks is requested.

The deputation stated that many of their comrades were most anxious to discuss with the Yugoslav Liaison Officer the situation with a view to repatriation, but are afraid to take any action in this direction before complete separation from the Chetniks.

Nominal roll of the 58 ex-PoWs involved has been submitted to your office.

Will you be good enough to consider the issue in the light of the above and advise this office at your earliest convenience of proposed action.

Boycott - The story is all nonsense. The man left camp without authority went from Hamburg to his wife with whom he was on bad terms. Had he was repatriating. OPACCA Control offered her a Railway warrant to join him but she refused. The man came back and was neither arrested nor detained in any way. He is still in the camp and free to repatriate if he wishes. His reason for going was that if he threatened to repatriate he thought he could make his wife obey him.

2. The investigation has revealed that the man never intended to repatriate at all and only approached the Yugoslav Repatriation Officer in order to frighten his wife who, it appears, had committed an indiscretion of some kind.

3. It is further stated that the man who is, to put it kindly, of a somewhat eccentric nature, having achieved his object, put out mischievious reasons for his change of mind on his return to Camp.

SUBJECT: Attendance of PWDP Officials at Yugoslav celebrations

1. The Yugoslav Mission has recently complained at Div. HQ. that officials of PWDP Div. have attended celebrations of a distinctly anti-repatriation and anti-Yugoslav Government nature. Such attendance is naturally construed as official British approval of the sentiments expressed in the speeches.

2. PWDP Division takes the view that normal social contacts between PWDP Officials and D.P's under their care, are not only permissible, but desirable. There will, however, most certainly be many occasions upon which a Social gathering undesirable that PWDP Officials should be present. It is impossible to lay down hard and fast rules on a subject of this nature, but for your guidance the following are some examples of the types of celebrations which in the opinion of this HQ should or should not be attended by PWDP Officials.

(a) Celebrations which may be attended

Those with which there is no obvious political connection, such as Christmas parties, birthday parties of inmates, children's parties, etc.

(b) Celebrations which should be avoided

Those with which there is an obvious political connection. The following being two examples of such celebrations which were actually attended by PWDP Officials.

(i) Celebration of the birthday of ex-King Peter.

(ii) Memorial service for the late Draja Mihailovic.

3. The ultimate decision whether to attend or not must rest on the good sense and judgment of the CCG Official on the spot.

4. We are asked by PWDP Division to bring the above to the notice of all PWDP Officials, and to stress the importance of exercising the greatest discretion in these matters.

Instructions

on

Repatriation, Resettlement and Employment

Instruction No. 1 b

Yugoslav Repatriation.

I. Introduction.

1. Relevant instructions up to 22nd November 1948 are included in the following summary.

2. The C.in C's policy towards DPs. remains that the optimum solution for DPs. of all nationalities remains repatriation.

3. All British officials should, therefore, actively encourage DPs. to return home when the indications are that it is to the DPs. advantage to do so. No form of pressure will, however, be brought to bear to induce DPs. to return home against their will.

II. Yugoslav Repatriation Officers and their rights to visit Camps.

4. Yugoslav Repatriation Officers accredited to Schleswig Holstein are attached to the

Senior Yugoslav Liaison Officer
Hamburg
Hochallee
Tel. 55 15 42 Ext. 19

5. The procedure under which the Yug. Repat Officers are authorised to visit camps etc. are outlined below:-

a) Visits to Camps
The Yug.Slav. Liaison Officer is allowed to visit camps only on the authority of this H.Q. and unless instructions are received to the contrary he will be allowed to address, in public, all Yugoslavs interested and to interview, in private, all those Yugoslavs who wish for an interview. All such visits will be notified to R Dets through this Branch.

b) Visits to Hospitals. Yug. Repat Officers are allowed to visit Yugoslav patients in hospitals in Schleswig Holstein providing
i) that there is no medical reason why the patient should not be visited, and
ii) that the Yugoslav patient has no objection to seeing the officer.

III. Procedure regarding visits to camps.

6. Notices informing Yugoslav DPs. of the address and next visit of the Yug.Repat.Officer and of the mechanics of repatriation will be conspicuously displayed in camp information rooms together with suitable repatriation publicity material as may be supplied by the Yug.Repat.Officer.

The publicity material will be accpeted by the DPACCS Commanders and should, if possible, be censured for objectionable matter with the assistance of local interpreters before distribution.

7. In addition DPACCS Commanders will personally ensure that the fullest possible publicity is given to the time and procedure of forthcoming visits, and they will not place the entire responsibility for spreading this information upon the camp leaders as it must be obvious that by doing so it is possible that it will be done in a half-hearted manner.

8. DPACCS Commanders will ensure that DPs. in employment are given the opportunity of seeing the Repat Officers on their visits to camps.

9. A hall or large room will be placed at the disposal of the Repat Officers where they will be allowed to address Yugoslav DPs. in public and to interview, in private, those Yugoslav DPs. wishing for an interview.

11. Security Measures.

a) The Yug. Repat Officer has given the assurance that he will co-operate with CCG. in all relevant security or other measures taken.

b) The DPACCS Commander - wearing uniform - will accompany the Yug.Repat.Officer at all times whilst the latter is within the camp bounds which means that he will meet him at the camp entrance on arrival and leave him there on departure.

c) DP Police (of nationality other than Yugoslav if possible) will be briefed and instructed to be "on call" although they, or other persons, will not be placed in such a position as will give the Repat Officer cause for complaint that his visitors are having their names recorded.

d) The DPACCS Commander will make it widely known that CCG will not tolerate any disturbances or unrulings during the visit and that severe disciplinary action will be taken against offenders. He will also, if he considers the situation warrants it, make this announcement immediately before the Repat. Officers address.

e) Any signs of disturbance will be energetically and immediately suppressed.

f) Reports on visits to camps will be submitted in duplicate to this Branch as soon as possible after each visit.

IV. Procedure regarding Repatriation.

12. When a Yugoslav DP reports to the DPACCS Commander for repatriation he will hand in his PWX/DP Identity Card and Clothing Card for which he will be given a signed receipt showing his Id.Card No. and bearing the office stamp.

13. The DP will then be dispatched as soon as possible to the Yugoslav Repatriation Transit Camp i.e. Stadtpark Camp, 103 DPACCS, Harburg.

14. Cases may occur, when DPs., having elected repatriation, will not wish to return to their quarters after having seen the Repat Officer on his visit.
Should such cases occur, arrangements will be made for immediate removal of those DPs. to the Repat Transit Camp or, if this is not possible on the same day, to one of the Repat Transit Camps at Lucbeck, 13 DPACCS, or Spakenberg, 122 DPACCS. Arrangements will also be made for checking, collection and forwarding of the

personal effects of such persons. Repat.Transit Camps will, in these cases, arrange for onward movement to Hanburg.

15. The names of Yugoslav volunteers for repatriation will be communicated for statistical purposes to the IRO Repatriation Officer as under:-

for 220 R Det	Kiel, Tel.	21 447
" 626 R Det	Luebeck "	24 181 Ext. 14

This notification should, however, not interfere with the immediate removal of such persons.

16. Repatriants arriving at the Yugoslav Repat Camp will be in possession of

a) Receipt in lieu of Id.Card and Clothing Card
b) Certificate showing last issue of food and amenity supplies.

All other documents will be handed over to the IRO Area Office.

17. Baggage and Money.

a) Repatriants will be allowed to take 165 lbs of personal luggage with them. This will include two blankets, a knife, fork, spoon, messtin, plate and mug.

b) Special items such as bicycles, radio sets etc. must be certified "by" (not only "for") the DPACOS Commander that the article in question is or is believed to be the legal property of the D.P. concerned.

c) Persons attempting to leave the Zone with dangerous drugs in their possession will be held for investigation. Possession of such items should, therefore, be declared to the officers checking the baggage at the entraining point.

d) Yugoslav citizens returning home will be allowed to take DM 40,-- with them.

V. Anti Repatriation Propaganda.

British officials will spare no effort to prevent the holding of anti-repatriation meetings or the dissemination of anti-repatriation propaganda in their camps.

Subject: Attendance of PWDP Officials at YUGOSLAV celebrations

1. A complaint has recently been made by the YUGOSLAV Mission, to the effect that officials of this Division have attended celebrations of a distinctly anti-repatriation and anti-YUGOSLAV Government nature, held by YUGOSLAV D.P's. The Yugoslav Mission further contends and not without justification, that the attendance of a CCG official at any celebration during which anti-repatriation speeches and attacks against the YUGOSLAV Government are delivered, can be construed as official British approval of the sentiments expressed.

2. This Division takes the view that normal social contacts between PWDP Officials and D.P's under their care, are not only permissible, but desirable. There will however most certainly be many occasions upon which a Social gathering will bear a distinct political flavour, and in these cases it is clearly undesirable that PWDP Officials should be present. A group of seventy four (74) Yugoslav repatriants left the British Zone yesterday (May 10) for Yugoslavia, the Preparatory Commission for the International Refugee Organisation announced.

Some of the repatriants have served with Civil Mixed Watchmen's Service. Others brought to the British Zone from Italy belonged to the former Chetnik group.

Included in the party were eight mentally-deranged displaced persons accompanied by a German medical staff of three. On the German/Austrian frontier that staff will be replaced by an Austrian medical staff arranged by PCIRO Vienna.

Among the repatriants was also a Yugoslav priest who has served with the CMWS for more than a year and has now decided to return to his home country.

SUBJECT: PWDP/PCIRO JOINT INSTRUCTION
POLISH AND YUGOSLAV REPATRIATION.

1. In order that the repatriation of Poles and Yugoslavs shall be carried out more quickly and economically from both the point of view of transport and accommodation, it has been decided to modify the procedure for collection and movement.

2. The principle upon which the new procedure is based is that, in each Region, accommodation for repatriates will be reserved in a DPACCS on the repatriation train route.

These routes will be: -

(a) Polish repatriation - AUGUSTDORF(HOVELHOE STN)-OSNABRÜCK-HAMBURG-LÜBECK.

(b) Yugoslav repatriation - HAMBURG-HANNOVER-AUGUSTDORF.

In addition, for Polish repatriates only, there will be a subsidiary route serving the Eastern portion of Land NIEDERSACHSEN, from BRUNSWICK to HAMBURG.

For this purpose, transit accommodation for 50 will be reserved at No. 7 DPACCS, AUGUSTDORF, for 50 at No. 28 DPACCS, OSNABRÜCK, for 50 at No. 14 DPACCS (Wingate Camp) HANNOVER, and for 150 at No. 35 DPACCS, BRUNSWICK. PWDP Branch HAMBURG, will reserve for Yugoslavs only, transit accommodation for 50 in some suitable camp in HAMBURG. It is appreciated that more transit accommodation may be required from time to time, and where this arises, PWDP Branches at Regional HQs should bear in mind that it is the policy of PWDP Division that the temporary allocation of accommodation for repatriates in these three camps shall have priority, even to the extent of moving static populations. LÜBECK Camp will remain the final collection and exit camp for Polish Repatriation.

Wherever possible repatriates will not normally report to any of the above camps (with the exception of LÜBECK) more than 72 hours before the anticipated time of departure of the train. This will not, however, be allowed to prejudice either the comfort or the early repatriation of the individuals concerned.

3. Special rolling stock for Polish repatriates will leave HOVELHOF on the first and third Monday of each month for LÜBECK (via OSNABRÜCK and HAMBURG), where repatriates will be held pending the departure of the Polish repatriation train, which will leave LÜBECK for STETTIN on the Thursday following the first Monday of each month. Where possible rolling stock serving the subsidiary route will be timed so as to arrive at HAMBURG to connect with that serving the main route. The Yugoslav repatriation train will leave HAMBURG on the second Monday of each month, calling at HANNOVER and HOVELHOF, and go straight through to JUGOSLAVIA.

.....Where
p.t.o.

Where numbers of repatriates justify additional rolling stock, more frequent departure will be announced.

4. DPACCS Commanders, through R Dets, will notify PWDP Branches at Regions of the total number of Displaced Persons wishing and available to repatriate. PWDP Branches at Regions will issue the necessary instructions for the movement of such persons to the most convenient collecting and entraining point (making all administrative arrangements for rations, warrants etc.) and will notify Q (Mov) at PWDP Division, LEMGO, at least four days before the entraining date, of the anticipated numbers to entrain at each point. Q (Mov) will make arrangements for the necessary rolling stock and notify PWDP Branches at Regional Headquarters of the exact timings of trains.

NOTE: When the most convenient collecting and entraining point is in another Region, arrangements for accommodation will be made direct between PWDP Branches of the Regions concerned.

.5 Attention is drawn to HQ PWDP Division's letter reference PWDP/0112SEC of 5 January 1948. In order to ensure that only those persons eligible for repatriation in accordance with the terms of the above quoted letter entrain, PWDP Branches at Regional Headquarters will nominate an official to be present at the entraining points in their Regions. These officials will check the nominal rolls of repatriates, will verify the eligibility for repatriation of any intended repatriates who are not included on the nominal rolls and prepare additional rolls for all such persons whom they are satisfied are authorised to repatriate. All persons who are in possession of valid PWX/DP Registration Cards or PC/IRO Eligibility certificates valid for the British Zone are eligible for repatriation.

Any persons not in possession of documentary evidence of authorisation for repatriation will be referred to the PC/IRO Officer (who will be present at each entraining point) before rejection.

SUBJECT : Encouragement of Yugoslav Repatriation

1. A request has been received from PC IRO to facilitate a visit to this Zone of six Yugoslav citizens, all of whom were formerly Displaced Persons in camps in this Zone, and were repatriated to Yugoslavia. It is suggested that they visit the Zone for a period of 5 to 6 weeks, for the purpose of supplying information to Yugoslav Displaced Persons on conditions prevailing in their home country.

2. While this Headquarters is willing to sponsor such a visit, it has, however, been pointed out to PC IRO that no assurance can be given that Regional Commissioners will permit visits to camps by these persons.

3. In view of the fact that this delegation will involve certain expenditure on the part of PC IRO, it has been requested that a more definite assurance that visits will be permitted should be given.

4. In the opinion of this Headquarters, such visits, for which there exists a precedent, should prove of considerable value and Regions are requested therefore to approach their respective R.G.O's with a view to obtaining permission for these visits under the terms of Z.E.I. No 1/47.

5. An early reply is requested.

Further to this HQ TPM reference CCG/75039 dated 16th Feb 48.

1. Attached herewith for your consideration and comments is a draft copy of joint letter of instruction which it is proposed to issue in conjunction with PC/IRO.

2. Consideration should particularly be given to the question of availability of suitable accommodation and also movement from the DPACS to the entraining points - this will probably produce a major problem in the case of Land Niedersachsen where the majority of the Polish population is in the East whilst the repatriation route runs through the Western side of the Region.

3. Comments will be forwarded to reach this HQ by 20th March 1948.

SUBJECT: POLISH AND YUGOSLAV REPATRIATION

1. In order that the repatriation of Poles and Yugoslavs shall be carried out more quickly and economically from both the point of view of transport and accommodation, it has been decided to modify the procedure for collection and movement.

2. The principle upon which the new procedure is based is that, in each Region, accommodation for repatriates will be reserved in a DPACS on the repatriation train route. This route, which will be common to both Polish and Yugoslav repatriation, will be AUGUSTDORF (HOVELHOF Station) - OSNABRUCK - HAMBURG, and in the case of Polish repatriates - LUBECK. For this purpose, transit accommodation for 50 will be reserved at No. 7 DPACS, AUGUSTDORF and for 150 at No. 28 DPACCS, OSNABRUCK. PWDP Branch HAMBURG will reserve transit accommodation for 50 in some suitable camp in HAMBURG. It is appreciated that more transit accommodation may be required from time to time, and where this arises, PWDP Branches at Regional HQs should bear in mind that it is the policy of PW & DP Division that the temporary allocation of accommodation for repatriates in these three camps shall have priority, even to the extent of moving static populations. LUBECK Camp will remain the final collection and exit camp for Polish repatriation.

Wherever possible, repatriates will not normally report to any of the above camps (with the exception of LUBECK) more than 24 hours before the anticipated time of departure of the train. This will not, however, be allowed to prejudice either the comfort or the early repatriation of the individuals concerned.

3. Special rolling stock for Polish repatriates will leave HOVELHOF on the first and third Mondays of each month for LUBECK (via OSNABRUCK and HAMBURG), where repatriates will be held pending the departure of the Polish repatriation train, which will leave LUBECK for STETTIN on the Thursday following the first Monday of each month. The Yugoslav repatriation train will leave HAMBURG on the second Monday of each month, calling at OSNABRUCK

/and.....

and HOVELOF, and go straight through to YUGOSLAVIA.

4. DPACS Commanders, through "R" Dets, will notify PWDP Branches at Regions of the total numbers of Displaced Persons wishing and avilable to repatriate. PWDP Branches at Regions will issue the necessary instructions for the movement of such persons to the most convenient collecting and entraining point (making all administrative arrangements for rations, warrants etc.), and will notify Q(Mov) at PWDP Division LEMGO at least four days before the entraining date, of the anticipated numbers to entrain at each point. Q(Mov) will make arrangements for the necessary rolling stock and notify PWDP Branches at Regional HQs of the exact timings of trains.

NOTE

When the most convenient collecting and entraining point is in another Region, arrangements for accommodation will be made direct between PWDP Branches of the Regions concerned.

5. Attention is drawn to HQ PW & DP Division's letter reference PWDP/0112/SEC of 5 January 1948. In order to ensure that only those persons eligible for repatriation in accordance with the terms of the above quoted letter entrain, PWDP Branches at Region HQs will nominate an official to be present at the entraining points in their Regions. These officials will check the nominal rolls of repatriates, will verify the eligibility for repatriation of any intended repatriates who are not included on the nominal rolls and prepare additional rolls for all such persons whom they are satisfied are authorised to repatriate. All persons who are in possession of valid PWX/DP Registration Cards or PC/IRO Eligibility certificates valid for the British Zone are eligible for repatriation.

13 DPACCS

Any persons not in possession of documentary evidence of authorisation for repatriation will be referred to the PC/IRO Eligibility Officer (who will be present at each entraining point) before rejection. All possible steps will be taken to ensure that only those persons included on the final nominal roll are permitted to entrain.

With reference your 312/Leg/358/1/3/830 dated 12 Jan 1948 and telecon PARKER/AYLIN.

It has been confirmed by the Commander of 121 DPACCS that the provision of Law 53 were adequately publicized in Camps in Kiel and that DUVNJAK DANE should therefore have known that it was an offence not to deposit his Foreign currency with the Reichsbank. DUVNJAK lived in a D.P. Camp in KIEL for some months.

It appears therefore that the release of this money or part of it could only be justified on compassionate grounds.

Please refer to this HQ number as above, addressed to PW & DP Division BERLIN, dated 9 December '47 (copy attached).

1. Since the drafting of the above mentioned letter, the Anglo Yugoslav Agreement of 18 September '47 has been renounced and circumstances have therefore changed.

2. The scheme proposed by this Division has not been found to be generally acceptable and has not consequently been put into effect to date.

3. PC/IRO according to the Agreement between CCG and PC/IRO signed on 28 June '47 are primarily responsible for Repatriation. PC/IRO are prepared to produce a scheme to encourage Yugoslav repatriation. It is proposed, therefore, to await the receipt of the PC/IRO scheme and not to proceed further with our own scheme promulgated under our reference mentioned above.

4. In the meantime, normal routine visits to camps will be arranged as heretofore on application from Yugoslav Repatriation Mission.

SUBJECT: Yugoslav Repatriation

1. We have agreed with the Yugoslav Repatriation Mission that a new 'drill' should be adopted for visits to Yugoslav DP Camps.

For administrative reasons the Yugoslav Repatriation Mission are unable to put this into effect until the beginning of next month. They have therefore; proposed that the existing procedure should be speeded up, in order to use the short remaining time, before winter brings repatriation movement to a halt, to the best advantage.

2. It is therefore requested that the following interim procedure is adopted forthwith subject to Regional Commissioners' right to invoke the provisions of ZEI/1/47:-

(a) Visits to continue to be carried out by Yugoslav Liaison Officers as at present, but with the undermentioned modifications set out in (b) hereunder.

(b) The following conditions to be observed at each camp visited:

i) The DPACCS Commander to assemble the Camp inmates before the arrival of the Liaison Officer.

ii) The DPACCS Commander to address the DPs and to remind them that it is the policy of HMG to encourage by all means the voluntary repatriation of DPs to their homeland. To implement this we have made agreements for the establishment of Repatriation Missions in the Zone and to inform the DPs that a Liaison Officer will shortly be arriving who will give them information as to the latest conditions in Yugoslavia and who will read to them an official announcement from the Yugoslav Government concerning repatriation.

iii) The DPACCS Commander will inform the assembly that there is no compulsion on any DP to hear the Yugoslav Liaison Officer but that DPs who remain must listen in silence and that any person who attempts to create a disturbance will be removed forthwith.

iv) The DPACCS Commander, on the arrival of the Yugoslav Liaison Officer will introduce him as the representative of an Allied Country and will inform the assembly that arrangements have been made for the Liaison Officer to hold private interviews with individuals who, having heard the announcements referred to in (ii) above, wish to speak to the Liaison Officer.

3. In view of the short time remaining for repatriation, it is requested that Regions, in conjunction with Senior Yugoslav Liaison Officers, will arrange for the maximum possible number of visits to DP Camps under the conditions enumerated in paragraph 2 above.

Whilst the proviso mentioned in paragraph 2 above remains in force, it is requested, except for exceptional circumstances, that ZEI/1/47 should be regarded as being in abeyance for the remainder of this month.

Ref. your 20053 dated 13 Oct '47.

Herewith report from 121 DPACCS:-

"1. Camp interpreters are never used.

2. The number of hardened anti-repatriate hecklers supposed to follow the L.O's from Camp to Camp have been conspicuous by their absence as far as visits to this DPACS are concerned. Further-more the audience never sit down.

3. Those alleged to be spreading anti-repatriation propaganda are in the main quite docile people. My opinion is that all the meetings I have personally attended the L.O's have been given quite orderly hearings."

Persons referred to have all volunteered for CMLO and will doubtless apply for interview for Westward HO.

YUGO-SLAVS.

1. Hecklers.
Whilst it may be possible in other areas for hardened hecklers to go from Camp to Camp it is NOT considered feasible here owing to the distance between camps. On the last visit to one of our camps there was a certain amount of heckling but all in a good tempered way. There is a visit to GROSSENBRODE today 18 Oct 47. This aspect will be studied and reported upon.

2. Spreaders of Anti-Repat Propaganda.
A check up will be made on all the persons enumerated , if in our area, and required information forwarded to you.

3. Responsibilities of Camp Leaders.
Since the movement of the Officers from Camps in our area, it has been very difficult to get responsible Camp Leaders and Admin Staff. This refers particularly to GROSSENBRODE. The people are most illiterate and afraid of responsibility.
However the information required will be put over to them and steps taken as far as possible to ensure that orders are carried out.

13th OCT. 47

SUBJECT: ANTI-REPATRIATION PROPAGANDA.

The Yugo Slav Liaison Mission has reported on recent visits to D.P. Camps as follows : -

1. Camp interpreters are in some cases giving incorrect or biassed translations of what has been said by the visiting L.O's.

2. A number of hardened anti-repatriate hecklers follow the L.O's from Camp to Camp. They usually sit in the front row of the audience during visits and do their best to break up the meeting.

3. The following are alleged to be spreading anti-repatriation propaganda: -

VENTA. Camp leader known as VAVIEK (real name not known)
YOVO MILITCH.

TOLK Camp leader MITCHERA (ex-2/Lt)
Camp interpreter BIAILITZA, VLAKHOWITCH, VOYA ARSITCH

WINDEBY WUKADIN VETZAN (Journalist suspected of preparing poster displayed during recent visit)

AN DER SCHANZE PETER BOGDANOVITCH, Mitcha MARTINOVITCH,
Zvetozar RADOVANOVITCH(Priest with political aspirations)
Bora PRALYAK Zweta GOSPIK

Please inform this H.Q. whether any of those named are due to leave this Region under CMLO or NGTC arrangements.

4. At WINDEBY a young man whose name is thought to be BELOBRATOVITCH was seen by an L.O. to receive something which looked like a knife from an older man. Both men appeared nervous and rather bungled the handover. A bystander was heard to remark on their clumsiness.

5. It is appreciated that it is very difficult to take effective action on such allegations. It should however be made clear to both Camp leaders and D.P's alike , that, while they are free to hold their own opinions and to chose whether they wish to repatriate or not, violence directed against the L.O's will not be tolerated. Camp leaders should also be told once more

(a) that they are responsible for the maintenance of order during L.O's visits

(b) that purely political topics may not be discussed during the visits

(c) that active anti-repatriation propaganda is not permitted and that Camp officials guilty of trying to influence other inmates of the Camps will be removed both from their offices and the Camp.

Dear Major Holland,

I am leaving at Neustadt in the D.P. Camps and I ask you for the permission of being transferred to the D.P. Camps of Seedorf - Camps, A/C. 249
66 DPaCS in charge
206 Relief / Dat. HQ CCS (BE)
B.A.O.R.

where my husband is living and employed as an interpeter.
So we are living separated from one another.
And we should like to be joined.
Some days ago I was at Seedorf and the Commandant of that Camps agreed to my transferring.
Unfortunately the Commandant of our Camps Mr. Scott, at our Camps of Neustadt - does not grant the permission of my leaving the Camps of Neustadt. I don't know, exactly his grounds for it, but I suppose because my husband had been 1st on 22nd of July 2 the arrested like all other Jugoslaws to be discharged from the Armies. He had been only for 3 days at Munster Lager, where all the other Jugoslaws were discharged and where they got their D.P's indentity cards. He was not accepted at Neustadt, because the Camps of this town

is not a Yugoslavian one.
Therefore I ask you to comply with my request and to give me a written order that I am allowed my being transferred to Seedorf together with my luggage.

Yours truly
Elisabeth Adamovich

Foregoing minutes. The information asked for by the Regional Commissioner is given by Colonel Davies in Minute 3.

The "schedule" mentioned in the CCG Monthly Report is not a regional schedule, but merely what PW/DP here hoped they might be able to release.

Inter-Land movements of DPs are zonally controlled, and we do not interfere with entries from outside provided no extra accommodation, beyond existing DP camps, is asked for. D.P. camps likely to be vacant for any time are handed over for refugees or other urgent purposes.

Since dictating the above, I have visited a Chetnik camp at FRIEDRICHSORT with the Regional Commissioner and Colonel Davies. The Regional Commissioner then made it clear that he regarded his declaration of the Land as a "black area" for movements from without as applied also to PW/DP camps.

I accordingly instructed Colonel Davies to submit to me for Regional Commissioner's orders any orders of this kind received in future.

CCG MONTHLY REPORT

Land SCHLESWIG-HOLSTEIN

(1) There is no appreciable change in the state of public morale and a widespread crop of war rumours is still circulating.

(2) At the invitation of Ministerpräsident LÜDEMANN, the Ministerpräsidenten of the British and American Zones attended a Conference at BAD SEGEBERG from 23 to 25 July. The subject discussed was the resettlement of refugees and the Conference was the outcome of the MUNICH Conference resolution on this matter. Invitations to the Ministerpräsidenten of the French and Russian Zones were not accepted.

(3) It is virtually certain there will be no Local Government elections this autumn. A Bill will be presented to the Landtag at its next session extending the tenure of those councillors due to retire this year under the provisions of Ordinance 31. A further Bill will be submitted later ordering the new election of complete local Councils before the end of 1948, and providing for subsequent elections of Councils in toto instead of by annual blocks.

(4) For the present, Operation "WESTWARD HO" is confined solely to the recruiting of single women and until such time as additional accommodation in ENGLAND is available this movement of DP Balts to the UK will be considerably retarded. A suggestion has been made, and may possibly be put into execution, to employ the men who have registered and are awaiting resettlement in aid of the North German Timber Control at a camp situated at WAHLSTEDT in this Land.

(5) The repatriation programme of Polish DP's has also received a set-back in that the ship, "ISAR", which has been carrying repatriants regularly to POLAND since 3 May last, has now been withdrawn and only train services will operate, with a consequent reduction in the number of possible repatriants to be transported this year.

(6) All Polish PWX who have volunteered and are awaiting repatriation and are still entitled to wear uniform will lose their PWX status and be converted to DP status by 15 Aug 47, so that as from that date all Poles remaining in the British Zone will necessarily become DP's and will come under PW/DP regulations for direction to work.

(7) The run-down of UNRRA has now been effected and stores and equipment taken over, and the newly established DPACCS are settling down to the responsibility of their tasks in running efficiently all the DP camps in the Land. No official details of the strength and composition of IRO to be set up in the Region has yet been made known.

(8) It is unfortunate that the schedule for release of accommodation to the German authorities cannot at present be followed owing to the arrival in the Land of 3,190 Yugoslavs who are to be housed in the SCHLESWIG, KIEL, BERGEDORF and GROSSENBRODE areas. However, POPPENDORF camp for refugees is being vacated, approximately 2,500 being absorbed in the North RHINE/WESTPHALEN and NIEDERSACHSEN Regions. Removal will commence immediately definite destinations and timings are tied up.

(9) Mention was made in the report for April about recurrence of Zonal frontier incidents and the fact that the demarcation of the boundary between the British and Russian Zones was shortly to be discussed at the Zonal Executive Offices. Serious Zonal frontier incidents continue to be reported and although a discussion was held at Zonal Executive Offices, the

subsequent meeting of British and Russian Zonal officials on the ground at LUBECK to decide on the actual demarcation boundary and on authorised crossing places has, so far as is known, not yet taken place. In view of reports of bubonic plague in KÖNIGSBERG, the question of making a final decision on the Zonal boundary and of agreeing to authorised crossing places (where quarantine could be enforced) is now a matter of considerable urgency and importance, owing to the danger of refugees bringing infection into the British Zone.

(10) In view of this danger, quarantine precautions have been organized both for sea and, so far as possible, for land routes. Since the outbreak is only about 400 miles further east, infected ships could arrive at ports in this Land within two days, which is less than the incubation period of the disease. Similarly Frontier Control is being increased to include the examination of immigrants by land, in view of the difficulties of obtaining reliable information as to the spread of any epidemic which may exist. As this disease is spread by rat fleas, anti-rat precautions coupled with intensified refuse disposal must be stepped up. The military authorities are arranging for an anti-rat campaign to be put into force in about a week's time, and the German Public Health authorities have been advised to make similar arrangements. The Army offered to assist both with advice and apparatus where local resources cannot meet requirements. The German Public Health authorities have also arranged for selected Medical Officers to attend an instructional course at HAMBURG regarding plague and anti-plague precautions so that all possible steps have been taken to meet any emergency which may arise.

(11) Transport for refuse disposal is extremely bad in most towns owing to the absence of spare tyres and tubes, and there is also a serious shortage of rubbish bins. The Departments concerned are doing their best to obtain necessary allocations to meet these shortages.

(12) The former Naval Training School at MÜRWIK, near FLENSBURG, is now being used as a Sports Training School for youth. The school caters for both leaders of junior sports clubs and for the young people themselves. The courses are divided into two-thirds sports subjects and one-third cultural subjects such as lectures and discussions on music, drama and international problems. In this way it is hoped to widen the scope and activities of sports youth groups.

(13) Consequent upon the visit of the late Mr Robert GIBBS (officer for Youth Welfare and Delinquency) to SCHLESWIG-HOLSTEIN, bids were put in for more accommodation to be used for Landesjugendheime (Approved Schools). This was made necessary by overcrowded conditions and by the fact that boys and girls were waiting to be admitted to Landesjugendheime. As a result, the release of Brentwood Barracks, Kreis ECKERNFÖRDE, to the Landesjugendamt for use as a Landesjugendheim has been effected.

23 July 47

1. In accordance with your telegramme,a report on Operation SANDFLY follows.

2. Liaison was made between APM,Schleswig Holstein Sub Area and OC GROSSENBRODE camp a week before D day and plans were made of the method by which the Operation would be carried out.The APM called a second time together with OC the troops taking part in the Operation and arrangements were confirmed.On Friday 18th July 47 a practice parade was held in order to accustom the Chetniks to parading early in the morning.This parade was successful.

3. At 06.15 hrs on 22 July 47 all Chetnik men were paraded in the hangar.Attendance was 100 % and it was obvious that the men had no idea of what was about to happen.At 06.30 hrs a Military Force arrived consisting of 9 Officers,about 60 Military Police, 6 Scout cars,a halftrack and a number of lorries.Major FORD,the APM,was in command and Major HUGHES appeared to be in charge of checking names and photographs.Immediately on their arrival OC Camp was given the photograph of the single 'BLACK' to be arrested and asked to produce him.The man came forward in a quiet and dignified manner and was removed.

4. By this time the women in the camp had noticed that their

Copy to be made for Lungo

men were surrounded by a large Military Force and there were distressing scenes altough no difficulties were encountered. The Roll was then called and 12 men whose names were not on the list supplied by BAOR were removed. These men had been sent to GROSSENBRODE from GÜTERSLOH hospital and it is certain that their non-inclusion on the Nominal Roll is the result of an error at MUNSTERLAGER. Steps are being taken by an Officer from there to get the matter straightened out and to secure their early return. It should be said that the Chetnik men observed admirable calm in circumstances which must have been extremely alarming to them. Baggage of men arrested or to be removed was collected, searched and transported, as laid down. By 09.00 hrs all troops had left the camp and there was complete quiet.

5. The following observations on the conduct of the Operation are made for reference in the unlikely event of a similar Operation being undertaken in the future.

(a) While the number of the troops employed would, no doubt, have been necessary had resistance been offered it might have been better had the bulk of them been kept in reserve. As it is several women, some near childbirth, are still prostrate with shock and all Chetniks are in fear that at any time they may be suddenly descended upon again and removed.

(b) The single 'BLACK' could have been arrested by summoning him to the Camp Office. The Roll could have been called by one Officer with two or three men to detain men not on the Roll. This all bearing in mind that an adequate Force to deal with disturbances would be within immediate call.

(c)

(c) That Military Officers on these Operations might be reminded that CCG Officials are usually ex-Officers, frequently of senior Rank and are entitled to that treatment and consideration usual between officers.
